The super equipped kitchen is open and forms a corner with the technical room.

Bicycle room in the basement. Parking and cellar required in addition.

Sale under registration rights on the land and under VAT regime on the construction.

This project is immersed in the Natura 2000 area on the plateau of Kinsendael. The quietness of the green areas and the feeling of living outside the city are guaranteed, and yet you are only 10 min. away from Fort Jaco or the Vivier d'Oie.

It will be a low-energy building with a minimal ecological footprint and sober and tasteful finishes to ensure a maximum well-being at home.
